FIVE CENTS

U. S. Pushes Asian Collective Security Pact Showdown Vote Near On McCarthy-Army Case

Burglary of five stores and a number of summer cottages were reported solved yesterday through joint efforts of East Stroudsburg police and Stroudsburg State troopers.

Investigation into the activities of Aaron Fox, 39, Saylorsburg, still is going on, but last night he was at Monroe County jail on specific charges of a forgery and four burglaries.

The four burglaries with which Fox is charged involved about \$1,000 in cash and loot, police said. Charges were filed by East Stroudsburg Officer Travis Seese.

The case broke Friday when Seese alerted State police that Fox was in the area. Milford police notified in turn by teletype arrested Fox. Officers Ed Harlow and Donald Quick went to Milford and brought Fox back to East Stroudsburg for questioning.

Fox admitted forging the name of his sister-in-law, Mrs. Evelyn Fox, East Stroudsburg, to a \$25 check in February, 1953, police said. But Seese continued questioning. Pfc. Alex G. Kern was also brought into the case.

Over the week-end police questioning brought admissions of these burglaries, Seese said.

May 27, 1953: Ray Bensley Service Station, 128 N. Courtland St., East Stroudsburg. Reports of items stolen included 42 boxes of shells and bullets, a rifle, money bag with coins and bills, 50 to 75 cartons of cigarettes, razors, gas tank caps, can of pressed ham, and a fully-equipped tool chest with contents valued at \$250.

Aug. 16, 1953: George's Recreation Center, 103 Crystal St., East Stroudsburg. Reports of items stolen included \$140 in change taken from pinball and cigarette machines and a jukebox.

Sept. 14, 1953: Bernie's Atlantic Service Station, 135 N. Courtland St., East Stroudsburg. Fox admitted stealing inner tubes and oil, police said. A coke machine at the service station also was jimmied open last year but had been emptied of coins.

Dec. 11, 1953: The former Stroudsburg Hudson Garage, 314 Washington St., East Stroudsburg. Points, spark plugs, car polish and parts were reported stolen.

Trooper Kern took up the questioning in connection with the burglaries outside East Stroudsburg. Last night Kern said Fox admitted breaking into the E. D. Huffman and Sons general store in Marshalls Creek last year. Stolen there were cigarettes and about \$25.

Fox also admitted breaking into a number of homes in the Saylorsburg area, most of them summer cottages, between July and September last year, Kern said. Investigation of these burglaries is still going on.

Fox was arraigned before Justice of the Peace Herbert G. Bonser, East Stroudsburg. He pleaded guilty and was bound over to the grand jury on the four burglary and one forgery charges.

Seese said Milford troopers have reported they wish to question Fox in connection with some burglaries in that area.

Fox is wanted in New Jersey on bad check charges and for jumping bail, Seese said.

The Saylorsburg man has served prison sentences in New Jersey for theft. He spent some years in jail for stealing some 700 chickens there, Seese reported.

Jordan-Israeli Clashes Result In More Deaths

Jerusalem (AP) — A high Jordan official charged yesterday that a band of 90 Israelis attacked the Jordan village of Ibbin, in the Hebron area yesterday, and fired on two Israeli soldiers were killed.

He said Jordan national guardsmen and Arab Legion troops repulsed the attack in which an Israeli officer and an Israeli private were left dead.

The official, Dr. Yousef Haikal senior Jordan delegate to the Mixed Armistice Commission, asked for an emergency meeting of the commission today to study two complaints Haikal has lodged with it. Haikal also said a Jordanian farmer was kidnapped by Israelis and shot dead near Zabou village, in Jordan's northern sector. During a clash that followed, national guardsmen arrested an Israeli who had penetrated more than 200 yards inside Jordan territory in a jeep, Haikal said.

In a statement last night an Israeli army spokesman said Jordan mortar fire killed one Israeli soldier and wounded two more in another clash in the same area late yesterday.

Anna Jarvis Honored

Philadelphia (AP) — Tribute was paid yesterday to Anna Jarvis, founder of Mother's Day, at ceremonies at her grave in West Laurel Hill Cemetery.

PREPARED—Ready for the "heaviest-ever" flow of traffic expected to jam the Stroudsburg area this summer is Peggy Ann Berger, 15. She is one of the dozens of young bike riders who had their wheels marked with a light-reflecting plastic tape. The safety program is being run by the Eagles Lodge, Stroudsburg. Bikes of family members of Eagles were taped.

New Division Of Internal Security For Spy Trials

Washington (AP) — The White House today announced the creation of a new division of Internal Security in the Justice Department, designed to speed the prosecution of spies and other subversive elements. President Eisenhower today will nominate William F. Tompkins of Maplewood, N. J., as an assistant attorney general in charge of the new unit, which presumably will handle all cases dealing with espionage, treason, sabotage, infiltration of defense plants, loyalty of federal employees, and kindred matters.

Boy Suffers Multiple Leg Fractures

Tannersville — Three leg fractures were suffered by an eight-year-old fisherman who was struck by a car while crossing Route 611 a mile south of here at 5:30 p.m., police said yesterday.

He was Kenneth Strausser, son of Mr. and Mrs. Floyd Strausser of Reeders.

Trooper Evan R. Chaplin of the Stroudsburg barracks said the lad had been fishing in Pocono Creek near the highway and decided to cross to the other side and continue his fishing there.

Edward Burda, 31, Bayonne, N.J., machine operator, saw the boy. Burda, driving about 35 miles an hour, police said, jammed on his brakes. The boy saw the car and jumped back to safety, police said.

Burda started to drive on and at the same moment the boy once more began to cross, police said. The lad was struck by the front of the car and knocked to the pavement. Police said Burda stopped the car within nine feet.

The lad was taken to East Stroudsburg General Hospital in an ambulance, and placed in a traction splint. He was also treated for multiple cuts and bruises, police said.

Lewis Doubtful

Washington (AP) — John L. Lewis, United Mine Workers president, said yesterday he sees no immediate prospect of his union rejoining either the AFL or the CIO but this doesn't prevent his getting together with leaders of those groups on specific objectives.

Meyner Names McLean

Trenton, N. J. (AP) — Dr. Joseph E. McLean of Princeton University — Scranton native — will be named to Gov. Robert B. Meyner's cabinet if Meyner County Democrats will go along with the appointment, a source close to the governor said yesterday.

Sen. Dirksen Would Limit To Principals

By G. Milton Kelly

Washington (AP) — The McCarthy-Army hearings go into their 13th day today with a showdown imminent on a new Republican move to cut them short.

Sen. Dirksen (R-Ill.) is ready to ask a vote in the Senate Investigations subcommittee on his proposal that further public testimony in the bitter, nationally televised controversy be limited to the two main antagonists—Secretary of the Army Stevens and Sen. McCarthy (R-Wis.).

Democrats are set to fight any such proposal. So is the Army side in the dispute. And a top Republican Senate leader, Sen. Millikin (Colo.), sounded a note of caution yesterday, too. He told an interviewer that in any curtailment of the probe "the public interest must be considered."

McCarthy, who has been supporting efforts of other Republicans to shorten the hearings, criticized Democratic members of the subcommittee Saturday in a speech in Wausau, Wis., and accused them of deliberately trying to prolong the inquiry.

"It's been clear for a long time," McCarthy said, "that their principal function is to keep us from digging out Communists."

But Sen. McClellan (D-Ark.), senior Democratic member, said the controversy stems from a period last year when the Democrats were taking no part in the subcommittee's activities.

"He (McCarthy) certainly had seven months without interference by Democratic members," McClellan commented in Washington. "We were off the committee in protest of an obnoxious rule which delegated to him, unprecedented powers exclusively to hire and discharge and control staff members. These hearings grow out of incidents that occurred while he had that authority and no interference whatsoever from the Democrats."

Hall May Ask McCarthy Be Free Agent

Washington (AP) — GOP National Chairman Leonard W. Hall may ask the Republican party's executive committee here this week to back his decision cutting Sen. McCarthy (R-Wis.) loose as a free agent in this year's campaign.

Hall has called the 17-member group into session Friday to lay before them preliminary plans for a drive to retain control of Congress—a drive which would star President Eisenhower and Vice President Nixon as campaign speakers.

Eisenhower has said he won't campaign locally for candidates, but he is expected to make some speeches at critical points. Nixon is keeping September and October open for assignments from the GOP National Committee.

Too Many Spokesmen

Washington (AP) — Stephen A. Mitchell, Democratic national chairman, said today the Eisenhower administration has so many foreign policy spokesmen the American people are confused. He predicted that by the end of this year Secretary of State Dulles will be replaced.

Senate Timetable Calls For Money Bill Passage By July 1

Washington (AP) — The Senate got a rugged new timetable yesterday — passage of all major money bills before the new fiscal year begins July 1.

Sen. Bridges (R-NH), chairman of the Appropriations Committee, set this target as part of a drive to reach an early adjournment of Congress in this election year. Appropriation bills frequently have delayed adjournment in years past.

The start of the new fiscal year is only 50 days away and so far the Senate has not cleared any of the more than a dozen annual appropriations that supply funds for government agencies.

Bridges said in an interview,

however, that "We're in good shape for the first time in a number of years." He said the House already has completed action on more than half of the money bills and "our subcommittees are well up on their hearings."

Bridges expects the Senate to complete action on the first of the money bills next Wednesday or Thursday. It is a \$3,332,750,000 measure for the Treasury and Post Office Departments.

Sen. McCarthy (R-Wis.) is chairman of the appropriations subcommittee handling it but Bridges took over McCarthy's duties at an unusual Saturday afternoon session to complete action.

Lacklustre Primary Election Is Dominated In Final Week By Macing Charges Against GOP

By Leonard A. Unger

Harrisburg (AP) — A lacklustre May 18 primary election campaign entered its final week yesterday dominated principally by macing charges in collecting a centralized Republican campaign fund from state employees.

In contrast to the bitter GOP gubernatorial primary of 1950, vote-getting efforts this spring have been mild.

Top Republican leaders appeared to be united behind Lt. Gov. Lloyd H. Wood for the GOP nomination despite opposition to his candidacy from Thomas S. Stephenson, Altoona president of the Pennsylvania House of Representatives, and Gordon F. Chamberlain, a Northumberland County farmer.

It's a different story farther down the GOP ticket.

Sen. M. Harvey Taylor, Republican state chairman, has refused to go along with organization endorsement of former judge Ralph T. Bell, Pittsburgh, for one of three nominations to the State Superior Court.

Instead, the Dauphin County GOP leader is backing Sen. John M. Walker (R-Allegheny). Both are political foes of Gov. John S. Fine.

William S. Levergood Jr., in quest of a fifth term as secretary of internal affairs, contends he has the support of several county chairmen. He is opposing the organization-backed candidate, Mrs. Caynelle M. Dixon, Butler, president of the Pennsylvania Council of Republican Women.

Former Rep. William R. McMillen, Indiana, also contends a group of county chairmen favor his candidacy for the Republican nomination for lieutenant governor in opposition to Atty. Frank F. Truscott who has organization backing.

On the Democratic side, Sen. George M. Leader (D-York) is battling for the nomination also sought by Coroner William D. McClelland of Allegheny County and Charles J. Schmidt, Erie County real estate operator whose main platform plank is legalized horse race betting.

Leader and McClelland have differed principally on the amount of labor support each is getting.

House Foreign Affairs Group To Hear Dulles

Washington (AP) — Secretary of State Dulles goes before the House Foreign Affairs Committee Tuesday for a closed door session that probably will revolve around the question of building collective security in Southeast Asia.

The special session was called committee officials said, at the mutual request of the secretary and the congressional group, as has been done in the past. Dulles already has met twice with congressional leaders since returning from the Geneva Conference.

The House Committee would be a good starting point for what appears to be an attempt by Dulles to win strong and clear congressional backing for his United Front plan.

The committee has called repeatedly for the creation of a Pacific equivalent of the North Atlantic Treaty Organization and has written this recommendation into past foreign aid bills.

Congress in general appears willing to support the idea of equipping and training more Asian forces, although many key members remain skeptical that this can be done in the immediate future.

Capital Hill specialists in Asian affairs were warning as recently as a few months ago that "you'll never get these nations together—they distrust each other too much."

Pittsburgh Paralyzed By Strikers

Pittsburgh (AP) — Trolley and bus operators of Pittsburgh's main transit system struck at dawn yesterday for higher pay, paralyzing mass transportation in the nation's 12th largest city—steel center of the world.

Transportation experts said it may turn out to be the most crippling transit walkout in the city's history.

Service on most lines of the Pittsburgh Railways Co. came to a halt promptly at 4 a.m. (EST) as scheduled. A company official said a few operators finished runs later. Only about 50 trolleys were operating at the time and there was little inconvenience to the public. No buses were running. Some 2,700 members of Division 85, AFL Amalgamated, of Steel, Electric Railway and Motor Coach Employees, are involved in the strike—first mass transportation walkout by operating employees in the steel city since 1924.

Accused Judge Slayer On Trial

Warren, Pa. (AP) — Norman Moon, 26, of Conneville goes on trial today on a charge of murder in the courtroom slaying of Judge Allison D. Wade.

The 31-year-old jurist was shot to death last Jan. 13 in the Warren County courthouse. He was killed a few moments after Moon had been summoned before the bench on a charge of non-support of his estranged wife.

Bevan Accuses U.S.

Abertyswg, Wales (AP) — Aneurin Bevan, left wing Laborite and bitter critic of American foreign policy, last night accused the United States of trying to get Britain involved in a war in Indochina.

Fate Of 1,000 Dien Bien Phu Wounded Is Mystery

Saigon, Indochina (AP) — What has become of the wounded at Dien Bien Phu?

An observation plane which flew over the shattered fortress yesterday dropped medical supplies but brought back no word to Gen. Henri Navarre, French Union commander in Indochina, on what happened to the wounded after Red-led rebels overwhelmed the northern Indochinese stronghold Friday.

The wounded, estimated at 800 to 1,000, lay on litters in an underground hospital as the 57-day siege reached its climax. No word of their fate has reached the outside world. Nor has there been any word of the French nurse, Genevieve de Galard Terraupe, who had been caring for them.

The rebels turned a deaf ear to French appeals for an armistice during the siege to permit removal of the battle casualties by plane.

Any word on the disposition of the wounded now will have to come from the Vietminh. Whether any prisoner exchanges can be worked out is a question for the future.

Military men here said the rebels' past practice has been to leave French and Vietnamese wounded on the battlefield after administering elementary first aid. Then the French were allowed to pick them up.

A French High Command spokesman in Hanoi said he doubted whether the rebels now would mount another general offensive in northern Indochina before the seasonal monsoon rains hit their peak at the end of June.

"Their battle corps is broken," the spokesman said, referring to heavy rebel losses in the long fight to crush Dien Bien Phu.

Overall Vietminh losses in that fight since the first human wave assault March 13 have been estimated at high as 35,000. Gen. Navarre, however, puts the figure at about 18,000.

Illegal Sale Of Whiskey Is Charged

Harrisburg (AP) — Walter Refalko, 35, Scranton, was under a federal indictment yesterday for illegally selling whiskey at the Bloomsburg Fair last October. A grand jury of the U. S. district court indicted Refalko on charges filed by Asst. U. S. Atty. Stephen A. Teller that the Scranton man bought whiskey, cut it down with water and sold it at the fair at \$1 for each three-ounce bottle.

Free World Urged Toward Blocking Reds

By Joseph E. Dymal

Geneva (AP) — The United States yesterday called anew for collective action by the free world to stem the surging tide of communism in Southeast Asia. The Geneva Conference appeared stalemated on both Korea and Indochina.

Walter Bedell Smith, undersecretary of state and chief of the American delegation here, emphasized Washington's desire for Western unity in a formal statement summing up his impressions after a week's work.

The Indochina talks between East and West seemed stalled by Soviet, Red Chinese and Vietminh demands for a voice for "governments" in Laos and Cambodia which France has described as "phantom" regimes. The Korea talks were equally snagged on conflicting plans for elections.

"We in America," said Smith, "see clearly that our own future, our own prospects of remaining at peace, are directly related to a basic principle—collective security. . . . The significance of Korea and Indochina is worldwide. Powerful forces are behind the complex influences that make these two areas the focus of potential war."

Smith said Secretary of State John Foster Dulles' plans for a Southeast Asia security pact were forced upon the U. S. by Communist offensives.

"We stand prepared to pledge our resources to the constructive purposes of peace," Smith said.

"We shall be compelled to build more alliances for defensive security only if there is a continuing menace to our national safety and to the safety of all the nations whose interests are bound together with ours in the common objectives of peace and freedom."

In speaking of the Geneva Conference, the American diplomat said "we are here to prevent the spread of communism in Southeast Asia. We are here to bring closer together the free nations of the world."

Americans leaders, meanwhile, carefully avoided further comment on the plan for a supervised cessation of hostilities, followed by internationally controlled elections, presented to the Indochina conference Saturday by French Foreign Minister Georges Bidault as a solution to the seven-year-long war in the former French colony.

American reticence was believed linked to the attitude of Vietnamese officials who were reported to oppose sections of the Bidault plan on the ground that it opens door to a partition of Viet Nam with the Communist-led rebels.

Vietnamese here repeatedly stated their opposition to partition. Bidault himself in presenting his plan stressed the "unity, territorial integrity and independence" of Viet Nam, but also called for the assembly of Vietminh troops, as well as French Union troops, in certain unmentioned armistice areas.

The Vietminh would thus presumably continue to hold areas of Indochina while East and West attempted to hammer out a political settlement — something which might never be achieved.

American officials yesterday would go no further than the comment Saturday by a delegation spokesman who said "it would be premature at this time to enter into detailed discussion" of Bidault's plan.

Zhukov Praises West's Big Three

Moscow (AP) — Marshal Georgi K. Zhukov gave the Western Big Three a rare word of praise today for their part in World War II. But at the same time he assailed present American foreign policy as aggressive.

Writing in Pravda on the occasion of V-E Day, Marshal Zhukov, captor of Berlin in 1945 and now a first deputy minister of defense, singled out President Eisenhower and Field Marshal Lord Montgomery for special words of praise.

Spring, Plus Recreation, Means Anties

By Charles Mercer

New York (AP) — Perhaps because it was spring people took to recreation in a big way last week. The most successful appeared to be the fishermen.

In San Diego, Calif., a 9-year-old boy went fishing and was very lucky. He caught a \$50 bill.

In Dallas three teen-age boys were rowing in a lake when there was a mighty thump. Into their boat leaped a 5-pound, 13-ounce bass. They gave it to a fisherman. What was his story when he got home?

Getting into the spirit of spring the entire town of Seymour, Tex., locked up shop and went fishing.

Many took to the highways, but a Detroit psychologist had gloomy news for motorists. Reporting the results of a study, he said that many chronic bad drivers are in worse shape mentally than criminals. He found more bad drivers to be stupid, psychoneurotic, alcoholic, emotionally unstable, immature or egocentric. On the other hand, he said, more criminals are antisocial.

A lot of folks just stayed home. But surprising things happened there too.

In Rochester, N. J., for example an 18-foot red, white and blue paper balloon drifted down onto the lawn of a fellow named Eugene Eisenhower. A tag attached to the balloon said: "Fired by H. S. Truman, Independence, Mo." In Independence a former President named H. S. Truman said he didn't do it.

But there was work to be done too.

The Philadelphia City Water Department was trying to find somebody skinny enough to crawl through 18-inch sewers as an inspector. Job pays \$3,125 to start.

A fellow in Gastonia, N. C., wrote this note to his draft board: "I am suffering from romantic fever and my wife is pregnant. Please excuse me from the draft."

UNION LABOR WEEK

The Central Labor Union of Monroe County proudly celebrates its 20th Anniversary this week

MAY 10th to MAY 16th

Organized labor has contributed greatly to the general welfare of the workers; created better working conditions for the people of the community; and through higher wages and shorter hours has helped provide security and a happier, healthier and longer life; has generously assisted civic enterprises throughout the county; and secured recreational facilities for the benefit of the workers and their families.

Labor Unions are democracy in action—a vital force in the community and nation towards a better life for all.

We believe in

Full Support for the United Nations—World peace can only be secured through the direct cooperation of all nations.

Repeal of the Taft-Hartley Law—This anti-labor law is unjust. It has union-busting and lower wages as its goal.

Enactment of a National Health Law—The health of the people is paramount. We can and must provide better care for our sick. We need more doctors, more nurses, more hospitals.

Public Housing—The Federal government must provide the necessary funds for low-cost housing.

Fair Employment Practices—Federal Law is necessary to stop discrimination in industry. We want no discrimination because of race, color or creed.

Education—We want more schools and higher salaries for teachers. Our children suffer when schools are overcrowded and teachers underpaid.

Fair Taxation—Income tax exemptions should be raised to \$1,000 for each dependent. The Pennsylvania Sales Tax should be repealed. We vigorously oppose wage and sales taxes on any governmental level. Taxes must be based on ability to pay.

Ruling Permits State Approval Of New Schools

Harrisburg (AP)—Dr. Francis B. Haas, superintendent of public instruction, looked with favor yesterday on a new ruling which permits state approval of any authority-financed school construction in cases where no state aid is involved.

"I think the formal opinion is a good one," he told a newsman.

"It will permit school districts to build schools if they have the money. Of course, it will not guarantee state reimbursement."

Atty. Gen. Frank F. Truscott handed down the new ruling which modified a previous opinion that held the department could not approve any school building projects undertaken by the state public school building authority or local municipal authorities set up by school districts.

Dr. Haas had attacked that ruling of last March as "ridiculous" since, as he put it, it discourages school districts from new construction even entirely at their own expense.

Truscott was asked to clarify a 1953 law which imposed a \$425 million dollar ceiling on school construction which can be financed with state aid. The ceiling was reached last December.

The department, however, has had a backlog of about 125 applications for state approval of building projects.

These projects will now be approved if the school districts can finance them entirely with their own money or by authority bonds, Dr. Haas told a newsman.

They will, though, be ineligible for state aid unless the 1955 legislature does something about changing the \$425 million dollar ceiling.

Only a few of the 125 school building projects likely will be carried through since most of the applications were made on the basis that state aid—it ran about half of the cost of the project—would be available.

Child Dies Of Hemorrhage After Fall

Carol Ann Wold, 19-month-old daughter of Tonstin and Norma Ratcliff Wold, 316 Main St., Stroudsburg, died at 2:30 a. m. Saturday at East Stroudsburg General Hospital.

She was treated by two physicians, later was admitted to the hospital. A brain hemorrhage was listed as the cause of death. The girl was an only child.

Services will be at 2:30 p. m. Tuesday from Lanterman funeral home, with Rev. P. N. Wohlens officiating. Burial will be at Stroudsburg Cemetery.

Friends may call at the funeral home after 7 p. m. Monday.

Outdoor Living
Furniture Stock
Huge At Miller's
Last week, with the sudden ar-
rival of summer-type weather, res-
idents of this area busied themselves
with spring house cleaning and
preparations for some enjoyable
outdoor living.
Probably the only interruption in
this beehive of activity now will
be another rain storm.
But whether it rains or shines,
the glow of summer literally fills
the A. C. Miller Furniture store,
corner of Main & Fourth Sts.
Here, on the main floor show-
room, spring and summer is in
full bloom.
Miller's large display of summer
furniture has already attracted the
attention of many backyard and
picnic fans. In the center of the
store a colorful display of back-
yard playthings is proving very
popular with the younger set.
There's the shiny, new aluminum
sliding boards, seesaws, back-yard
gyrations, and boxes, wading
pools and every conceivable type
of lawn and porch furniture. You'll
find colorful plastic and canvas,
Chinese peck cane, sturdy redwood,
rustproof aluminum and the in-
creasingly popular wrought iron.

Everitt Plays Brilliant Final Round To Win Invitation Golf Championship At Shawnee

Shawnee-on-Delaware—Howard Everitt, popular smiling veteran from Atlantic City, yesterday won the 31st annual Shawnee Invitation "Dogwood" golf tournament here at Shawnee Inn. Everitt, playing brilliant golf, smashed Ellis Taylor, defending champion from Wilmington, Del., into the turf by a five-and-four count.

Driving harder and getting more distance than at any time in his career, the former Philadelphia and Pennsylvania amateur champion carded five birds and an eagle in his great round with Taylor. He was two up at the ninth and finished with birds on the last three holes to close the match out on the 14th.

Everitt's smashing victory wiped out his defeat at the hands of Taylor for last year when the pair went 19 holes.

Shawnee Leads Parade

Shawnee-on-Delaware—Shawnee Country Club became the first major golfing resort in the country to back up the United States Golf Association drive in eliminating caddies and gambling when it was announced by Fred Waring, resort president, that all caddies have been banished here at Shawnee.

Following his four and three victory over Norman Staats, Easton, in the semi-final yesterday morning, there was no doubt that Everitt was on his way to victory in the finals after the fourth hole.

Taylor who scored a five and

four victory over Jim Haver, Garden City, L. I., was one over par for his final round. He could not, however, meet the punishing drive that Everitt put on.

The Atlantic City player birdied the par-five second to take an early lead but was promptly tied up on the next hole which he double-bogged when he drove out of bounds and went into a trap on his second. He won the fourth with a par-four and the seventh with a birdie-four to take his two up lead at the halfway mark.

An eagle on the 10th for Everitt just about killed off any chances Taylor had. The new champ's drive on the 550-yard 10th went 300 yards. He tried an iron shot to the green but was short and went into a trap from which he blasted out for the cup and the eagle.

Hamlin Uses Strong Start To Sink Tobyhanna

Hamlin—Hamlin rolled up its second straight victory in the Pocono Mountains Association yesterday by scoring an 8-1 baseball victory over Tobyhanna, here on the winning squad's home field.

The contest was halted in the top of the sixth by rain.

Hamlin jumped on Johnny Layko for three runs in the first frame and held the upper hand the remainder of the distance.

The host aggregation picked up another marker in the second and four insurance tallies in the bottom of the third round.

Barrett Interests Still Show Resentment Over Detour Attempt

(See Editorial Page 4)

Buck Hill Sandwich Shoppe
Mountainhome, Pa.
May 5, 1954

Dear Mr. Heller:
I've been reading your Editorial in the Stroudsburg Record. I see you are with us. Why we all here are protesting of closing the road? Why should we suffer a second year of closing the road for mistake of State Engineers? No reason why we should suffer a heavy financial loss due to errors of the State.

Two years in a row are too many to have main artery cut off. Why should the tourist be discouraged when they come to our beautiful mountain? They will go elsewhere. Then after what good will new roads be to us? We will have to build our businesses from scratch again.

State taxes are paid by people living in the area and they too should be considered.
I and a number of my friends would be encouraged by any help you could give us.
Thank You,
Respectfully Yours,
Mrs. Mary Ervin

Dear Sir:
What? Another detour? It was bad enough that we, as resort and business owners took the loss we did last year. Two consecutive years of detours would certainly hinder our community.

There must be some way that can be prevented in closing of the road so that we don't have to turn away business again.
After all we look forward for the summer season and now that it's here, why should we have to

be on the down grade when a by-pass could be set up if the State Highway Department would come to an agreement.

Truly yours,
Tom & Lou Lewis
Lewis Food Market

Stroudsburg, Pennsylvania.
Dear Mr. Heller:

This Association, consisting of 25 hotels and cottage colonies in Barrett Township, wishes me to convey to you the appreciation of its members for the fine editorial you presented in your paper on May 5, 1954.

We here in Barrett have been at a loss to understand why our community, which is assessed so heavily, should be left "out on a limb" by our State government.
We are spending approximately \$5,000.00 this year to promote vacation business in this area, but we feel reluctant to carry on this campaign if the State gives us the opinion that our resorts are not important enough to provide funds to keep our main highway artery for travel to this section open for traffic.

We accepted last year's decision to close the highway, feeling that there was no alternative if we were going to benefit from improvement of the highway. However, this year there are ways to by-pass the contemplated construction without asking our visitors to go more than 20 miles out of their way.

We firmly believe that the present administration is "letting us down" unless funds are provided

immediately to avoid the suggested detour.

The members of our Association sincerely want to thank you for your recent opinion and disclosure of the facts.

Sincerely yours,
DONALD S. SOMMERS
Sec'y Pocono Vacationland Association.

Attention: Horace Heller, Editor
Dear Sir:

We in Barrett appreciate your efforts in regard to the road repairs. It is about time someone begins to appreciate who really pays for the roads that are built and not completely ignore the taxpayer.

Thanks for your cooperation.

Dear Mr. Heller:
Your editorial in today's run of the Record really hit the spot—we'd like to add our note of sympathy for the Barrett Business Men. They have had it with last year's closure—it just isn't fair to do it all over again this year.

In addition, the Mt. Pocono area suffers—our guests in many instances—come to us because they have heard from others of the beauty of Buck Hill Falls, Indian Ladder Falls, and other scenic spots in the Barrett area—and most of them are interested in the little theatre—none of them, however, want to travel twice around Robin Hood's barn—and back again to reach any of these things... they get right discouraged.

The Poconos are one area—and shutting off Barrett from that area by making it almost impossible to reach hurts the prime industry of the whole mountain... the vacation business.

Sincerely,
Paul A. Asure

Reference to the Cresco detour: As you know we had this detour during the entire season of 1953, this seemed necessary in order to have a better road leading to Barrett Township, all resort people as well as all residents of the area suffered inconvenience as well as financial losses of substantial amounts.

It seems to me that the short bypass necessary to carry traffic through Cresco to Mountainhome and Canadensis should be provided at once. It also seems to me that an error was made by our State Highway Department, or poor management at least, in not providing for a bypass when letting the contract for construction.

I respectfully suggest that the

Your Horoscope Today

By FRANCIS DRAKE

MONDAY, May 10, 1954
March 21 to April 20 (Aries)—It will be important to keep an eye on all sides of problems or requests today. Each circumstance will have its own factors. There are mixed vibrations, so use good judgment.

April 21 to May 20 (Taurus)—Apply the rule of allocating time and assignments. Work on essentials first. Don't go beyond a reasonable plan or you may regret necessary changes.

May 21 to June 21 (Gemini)—An element of surprise may tend to confuse matters. More important than worldly gains are conscience, health, and occasional rest. Don't force things.

June 22 to July 23 (Cancer)—Avoid the needless long chances, and you will reap your rewards. Face facts, try to save some each week. Be consistent, honest; it pays in the end.

July 24 to August 23 (Leo)—Every body seems to be doing it, so why not me? Think. Be the cautious one, really doing it. No frantic changes; use good sense in all matters.

August 24 to September 23 (Virgo)—There is a golden rule in order to succeed, and that is to be a friend or associate in an honorable manner. You may have an opportunity, and likely to overcome the comforts of life, you have innate mechanical ability and artistic talent. Do not become a writer or enter other higher educational fields, if true to your better self, you will be successful. Well-known and an admired friend. Birthdate of James, Viscount Bryce, British diplomat, statesman.

October 24 to November 23 (Scorpio)

State Highway Department may furnish the tax payers with such a bypass.

Sincerely,
Vance C. Megargel,

'KEN' TRANSUE "SPECIALIZING IN SMALL DAMS" Bulldozing—Grading Shovel Excavating Shale—Top Soil—Clay STROUDSBURG 2650-J-3 Star Route, East Stroudsburg THE GREEN THUMB Nasturtiums Thrive On Poor Soil; An Asparagus Patch Good For 30 Years Nasturtiums: If you've got a dry, sandy or gravelly soil where just about no flower will grow, don't be discouraged because there is nothing better in such instances than fragrant nasturtiums. Quite often there is a small strip of soil between the sidewalk and the foundation of your home where nothing will thrive well, except nasturtiums. They like such conditions. If planted in rich soil you get all leaves and no flowers. Nasturtiums will even climb for you, since they have climbing leaf stalks. Plant seed in ground now and watch them grow. Troubles: They get aphids but you can check them by spraying with Black Leaf 40, 1 teaspoon to 2 qts. of soapy water. If you don't use soap, use any of the so-called "soaps" used in hardwater areas. Potulca is another quick growing annual for dry sunny spots. It needs full sun and a poor soil. Sow seed outdoors now. ASPARAGUS : When it comes to starting a new bed there seems to be a lot of confusion as to how deep the plants should be. I think more plants are ruined by too deep planting than any other cause. Dig a trench 8 inches deep, put your plants in, spread the roots out, and then put a couple inches of top soil on the roots. Don't cover the plants completely at first. The trench is not completely filled until later. Too much soil may prevent weak plants from starting. In the home garden you can set plants 15 to 18 inches apart, with rows 4 ft. apart. Rotted manure is good for asparagus. As the plants develop strong shoots several inches tall, the trench can be gradually filled in. Be sure to add soil only to those roots that have made top growth; FREE: Your asparagus patch should last We Can Make Your Home A MODEL HOME! A JOURNEY TO THE PAST. Among those attending the annual alumni weekend at Blair Academy were these former class members. Left to right, they are: William M. Ely, class of 1904; George H. Blair Academy's Alumni Family Weekend Attracts More Than 100 Persons

More than 100 persons spent the weekend at the Penn-Stroud as part of Blair Academy's "alumni family weekend."

The three-day Blair celebration was held Friday, Saturday and yesterday morning on the academy campus. Alumni and families staying in Stroudsburg commuted back and forth over the new Delaware Water Gap bridge to Blair.

Highlight of the weekend was a special worship service held at 11 a. m. yesterday in Blair's Memorial Hall Chapel. Music was provided by the Blair Academy Choir, under direction of Joseph Kelsall with Elva Kelsall as soloist.

Rev. Burleigh Cruikshank delivered the main sermon. He had chosen "Meeting Life's Tensions" as his theme. He was assisted in the service by Dr. Richard E. Hunter, academy chaplain.

Included in the weekend services were memorial tributes to Dr. Ira A. Flinner, who served for many years as headmaster of the academy.

Dr. Flinner died April 30 in Newton, N. J. Memorial Hospital.

In addition to the special Sunday worship service class leaders and other alumni attended a series of meetings held over the weekend.

Among these were an "eleventh hour meeting of class agents" held at 8 p. m. Friday in the Penn-Stroud, the annual alumni luncheon at 12:30 p. m. Saturday in the academy dining room and class reunions in the Penn-Stroud's dining rooms Saturday at 6 p. m.

COP Going After Vet's Vote Power

Washington 47 — The Republicans announced yesterday they are not going to overlook the estimated 20,400,000 veterans' votes in the coming elections.

The Republican National Committee announced the appointment of Marvin B. Buckner, 36, a bomber pilot in World War II, as director of a new Veterans' Division.

He is from Flint, Mich., and is a former director of the National Security Division of the American Legion.

GOP Chairman Leonard W. Hall also announced selection of an 11-member advisory committee to assist the new unit.

It is made up of former national officers of the four veterans organizations holding congressional charters.

Rep. James E. Van Zandt (R-Pa.), past national commander of the Veterans of Foreign Wars, and Milo Warner, Toledo, Ohio, past national commander of the American Legion, are joint chairmen of the advisory group.

Buckner is a former national vice commander of the Legion and since mid-1952 has been on the business research staff of General Motors Corp. in Detroit.

Geneva, Switzerland, became the home of the League of Nations in 1920.

Fire Drives Children Out SS Services

Waynesboro, Pa. 47 — Fire raged through part of the Waynesboro Presbyterian Church yesterday, causing heavy damage to the building which was remodelled two years ago at a cost of \$125,000.

About 110 children were attending Sunday School classes in the church, which is on the edge of the business district, when the fire broke out.

The pastor, the Rev. James J. Menzies, went to them and quietly said:

"Kiddies, we haven't had a fire drill here for a long while. This is a good time to have one."

He shepherded them to a parking lot where the children, excited by the arrival of more and more fire equipment, first realized they were up against the real thing.

It took firemen most of the morning to put out the flames.

Chief Orlov E. Helm Jr., said the fire started from the church's furnace.

The pastor said he could not readily estimate the damage but that it would be heavy.

New York Says Delaware Has Water For All

New York 47 — The Delaware River has plenty of water for "all conceivable use" by New York, Pennsylvania, Delaware and New Jersey, the Supreme Court of the United States was told yesterday.

The New York City board of water supply made the statement in announcing that a brief had been filed with the court requesting permission to build a reservoir at Cannonsville on the west branch of the Delaware.

The reservoir would enable the city to divert 800-million gallons a day from the river into the municipal water supply.

The board told the court that it proposed to make releases from its reservoirs into the river during the four months of summer and fall to help keep flow adequate.

Construction of the reservoir at Cannonsville, the board said, would complete New York City's plans to utilize Delaware water and assure the city of adequate water through 1990.

The statement said that Pennsylvania had joined New Jersey and Delaware in conceding that New York City's present diversion of water does not damage the lower river.

It referred to a warning from Pennsylvania that population and industrial growth in the Delaware Valley might require future readjustment of the quantity of water allowed this city.

City engineers, however, were reported completely satisfied that conservation and regulation principle currently being established eliminate any risk that the river resources might prove inadequate later.
